# A Heartfelt Welcome from **Monday College**

It is with immense joy and deep pride that I welcome you to the **Monday College** family. As an RTO and CRICOS provider, our institution is built on an unwavering commitment to excellence, a spirit of bold innovation, and the warmth of true inclusiveness.

Here at **Monday College**, we don't just offer education—we promise a transformation. We are passionately committed to delivering high-quality training that doesn't just equip you for a changing world, but empowers you to shape it. We know that real education goes far beyond textbooks; it's about igniting your character, forging unbreakable confidence, and honing the crucial skills needed to make a meaningful, lasting contribution to the world.

Our mission is to cultivate a learning sanctuary—a supportive and truly engaging environment where every single student, no matter their background, can feel like they belong and are destined to thrive. Whether your heart is set on soaring academic heights, achieving powerful professional goals, or unlocking profound personal growth, know that our dedicated educators and staff are here to stand with you, offering unwavering support for every step of your journey.

On behalf of **Monday College**, I invite you to say "Yes" to this journey of discovery, growth, and unparalleled success. Let us join hands to shape futures, passionately create opportunities, and build achievements that will truly stand the test of time.

**Qiuyun Liu**  
CEO

# Why Monday College?

## A Foundation for Success

At Monday College, we're dedicated to more than just education; we're igniting the future you deserve. Our commitment to excellence ensures you receive high-quality training and unwavering support, empowering you to not just adapt but thrive in an ever-changing world.

## Professional Excellence Awaits

We believe that education is the fuel for ambition. Our programs are meticulously designed to arm you with the actionable skills, bold confidence, and resilient character required to dominate your field. We don't just prepare you—we forge you into the leader, the innovator, and the invaluable

## Your Supportive Community

Becoming a part of Monday College means joining a vibrant, global family. We cultivate an inclusive environment where students from every background feel truly at home. Our devoted team is here to walk alongside you, supporting your every goal to make your journey both rewarding and transformative.

## Your Journey Starts Here

Our campus, situated in the heart of dynamic Sydney, is more than just a place to study—it's your launchpad for opportunity. This pulsing hub of culture and business offers you direct access to a powerful network of peers and industry leaders. We warmly invite you to join us on this journey of learning and success. Your ambition is our mission, and together, we will fiercely create opportunities, build lasting achievements, and shape a future that's full of promise.

# UNLEASH YOUR TRUE POTENTIAL

Monday  
College

# Crazy-Smart, Crazy-Good Trainers

Discover an education ignited by passionate industry experts, offering real-world knowledge and powerful, personalised mentorship.

## The Monday College Edge: Beyond the Textbook

We believe that education is the fuel for ambition—not a destination, but the launch sequence for your future. Our programs are meticulously designed to move past outdated theory, focusing instead on equipping you with the actionable skills, bold confidence, and resilient character required to dominate your chosen field.

You're not just here to earn a qualification; you're here to undergo a rigorous, rewarding transformation. We don't just prepare graduates—we forge you into the leader, the innovator, and the invaluable force that modern society doesn't just need, but demands. At Monday College, your certificate is the evidence, but your impact is the real outcome.

## Education Driven by Industry Hustle

Your learning experience deserves more than generalised lectures. Our instructors are the elite of their fields—passionate industry experts who inject their deep, real-world hustle and expertise directly into the classroom environment. They commit fully to your success, acting as true mentors who provide targeted, one-on-one support and who will personally challenge you to unlock your absolute best potential.

With their expert guidance, you'll gain the street-smart skills and unshakeable confidence required to thrive. You'll work on projects that matter, build a portfolio that stands out, and learn the essential mindset of those who succeed. Get ready to do more than just participate; get ready to lead the change and dominate your career path.

# Our Courses

Our Courses: Strategic Pathways to Industry Success

At **Monday College**, we don't just offer courses; we deliver your direct path to career power. Our dynamic programs are engineered for impact, constantly updated to beat industry standards and focused relentlessly on giving you hard, actionable, hands-on skills. We believe in real-world education—it equips you with the confidence and expertise needed to dominate your field from day one.

BSB80120 – Graduate Diploma of Management (Learning)

CPC33020 – Certificate III in Bricklaying and Blocklaying

MSF30322 – Certificate III in Cabinet Making and Timber Technology

CPC50220 – Diploma of Building and Construction (Building)

RII50520 – Diploma of Civil Construction Design

# BSB80120 - Graduate Diploma of Management (Learning)

CRICOS Course Code: 116061A

## About the Course:

This qualification reflects the role of individuals who apply highly specialized knowledge and skills in the field of organisational capability and strategic learning design. Individuals in these roles are empowered to generate and evaluate complex, forward-thinking ideas. They also initiate, design, and execute major learning and development functions that drive an entire organisation forward. Typically, they hold full responsibility and accountability for both their personal strategic output and the performance of their teams.

This qualification is essential for leaders and managers in organisations where learning is leveraged as the core strategy to build capability and gain a competitive edge.

### Duration:

52 weeks (1 year/4 terms) that includes 40 study weeks and 12 holiday weeks

### Delivery Mode:

Face-to-Face

### Location:

12 Pritchard Street East, Wentworthville NSW 2145

### Completion Requirements:

The BSB80120 - Graduate Diploma of Management (Learning) qualification is awarded upon successful completion of twelve (12) units of competency, including three (3) core units and five (5) elective units.

## Course Units:

Unit Code	Unit Title	Core/Elective
BSBHRM613	Contribute to the development of learning and development strategies	Core
BSBLDR811	Lead strategic transformation	Core
TAELED803	Implement improved learning practice	Core
BSBCRT611	Apply critical thinking for complex problem solving	Elective
BSBLDR601	Lead and manage organisational change	Elective
BSBOPS601	Develop and implement business plans	Elective
BSBST801	Lead innovative thinking and practice	Elective
BSBLDR812	Develop and cultivate collaborative partnerships and relationships	Elective

**Career Outcome:** •Project Manager •Team Leader •Business Analyst •Risk Management Consultant

**SKILLS, CONFIDENCE,  
CAREER:  
YOUR FUTURE STARTS NOW**

# CPC33020 - Certificate III in Bricklaying and Blocklaying

CRICOS Course Code: 119140M

## About the Course:

This qualification reflects the role of individuals who apply fundamental trade knowledge, exceptional practical skills, and essential construction experience across a dynamic range of building and construction contexts.

Individuals at this level display powerful practical initiative and precision in planning, measuring, constructing, and supervising their own work. They use clear, high-impact communication skills to coordinate with other trades and support site teams to meet stringent project deadlines and quality requirements.

They are trained to read, interpret, apply, and execute complex architectural plans and specifications, and to effectively identify, calculate, and implement accurate solutions to on-site logistical and building challenges.

**Duration:** 52 weeks (1 year/4 terms) that includes 40 study weeks and 12 holiday weeks

**Delivery Mode:** Face-to-Face

**Location:** 12 Pritchard Street East, Wentworthville NSW 2145

**Completion Requirements:** The qualification is awarded upon successful completion of the required units of competency, including twenty (20) core units and eight (8) elective units (Total 28 Units).

## Course Units:

Unit Code	Unit Title	Core/Elective
CPCCWHS2001	Apply WHS requirements, policies, and procedures in the construction industry	Core
CPCCOM1012	Work effectively and sustainably in the construction industry	Core
CPCCBL2001*	Handle and prepare bricklaying and blocklaying materia	Core
CPCCBL2002*	Use bricklaying and blocklaying tools and equipment	Core
CPCCBL3002*	Carry out masonry veneer construction	Core
CPCCBL3003*	Carry out cavity brick construction	Core
CPCCBL3005*	Lay masonry walls and corners	Core
CPCCBL3010*	Construct masonry arches	Core
CPCCBL3009*	Install flashings and damp proof course	Core
CPCCBL3006*	Lay multi-thickness walls and piers	Core
CPCCCM2012*	Work safely at heights	Core
CPCCBL3011*	Construct curved walls	Core
CPCCBL3013*	Construct masonry structural systems	Core
CPCCCA3002*	Carry out setting out	Core
CPCCCM2006	Apply basic levelling procedures	Core
CPCCCO2013*	Carry out concreting to simple forms	Elective A
CPCCCM2008*	Erect and dismantle restricted height scaffolding	Core
CPCCOM2001*	Read and interpret plans and specifications	Core
CPCCBL3015*	Construct decorative brickwork	Elective A
CPCCBL3017*	Carry out tuck pointing and repointing to masonry	Elective A
CPCCOM1015	Carry out measurements and calculations	Core
CPCCOM1013	Plan and organise work	Core
CPCCOM1014	Conduct workplace communication	Core
CPCCCM2009*	Carry out basic demolition	Elective B
CPCCBC4003	Select, prepare and administer a construction contract	General Elective
CPCCBL3001*	Lay paving	General Elective
CPCCBL3018*	Install aerated autoclaved concrete products	General Elective
CPCCSF2004*	Place and fix reinforcement materials	General Elective

**Career Outcome:** •Bricklayer •Blocklayer •Paver

# MSF30322 - Certificate III in Cabinet Making and Timber Technology

CRICOS Course Code: 119141K

## About the Course:

This qualification reflects the role of individuals who apply fundamental trade knowledge, exceptional precision skills, and essential construction experience across a dynamic range of high-end manufacturing and installation contexts.

Individuals at this level display powerful practical initiative and attention to detail in planning, crafting, assembling, and installing complex pieces. They use clear, high-impact communication skills to coordinate with clients and site teams to meet stringent design specifications and installation deadlines.

They are trained to read, interpret, apply, and execute sophisticated designs, and to effectively identify, calculate, and implement accurate solutions to unique design and material challenges.

**Duration:** 52 weeks (1 year/4 terms) that includes 40 study weeks and 12 holiday weeks

**Delivery Mode:** Face-to-Face

**Location:** 12 Pritchard Street East, Wentworthville NSW 2145

**Completion Requirements:** The qualification is awarded upon successful completion of the required units of competency, including eight (8) core units and seventeen (17) elective units

## Course Units:

Unit Code	Unit Title	Core/Elective
MSFFM2013	Use furniture making hand and power tools	Core
MSFFM3031	Prepare cutting lists from design and production documentation	Core
MSFGN2001	Make measurements and calculations	Core
MSFGN3005	Read and interpret work documents	Core
MSMSUP102	Communicate in the workplace	Core
MSMENV272	Participate in environmentally sustainable work practices	Core
CPCWHS1001	Prepare to work safely in the construction industry	Elective H
CPCCWHS2001	Apply WHS requirements, policies, and procedures in the construction industry	Elective H
BSBOPS304	Deliver and monitor a service to customers	Elective G
MSFFM3030	Produce manual and computer-aided production drawings	Core
MSFFM2018	Operate basic static machines safely	Elective A
MSFFM2016	Join solid timber	Elective A
MSFFM2017	Hand make timber joints	Elective A
MSFFM3026	Produce angled and curved components using manufactured board	Elective A
MSFFM3041	Determine and document requirements for cabinetry installation	Elective B
MSFFM2014	Select and apply hardware	Elective G
MSFFF2012	Prepare surfaces for finishing	Elective A / G
MSFFM3028	Prepare and apply decorative surfaces for furnishing products	Elective A
MSMSUP106	Work in a team	Core
CUAACD312	Produce computer-aided drawings	Elective F
MSFFM2015	Apply sheet laminates by hand	Elective G
MSFFM3029	Select timbers for furniture production	Elective A
MSFFM3042	Fabricate cabinetry	Elective B
MSMSUP390	Use structured problem-solving tools	Elective G
CPCCJN3003	Manufacture components for doors, windows, and frames	Elective G

# CPC50220 - Diploma of Building and Construction (Building)

CRICOS Course Code: 119143H

## About the Course:

This qualification reflects the role of individuals who apply cutting-edge knowledge, strategic management skills, and executive experience in leading building and construction projects across diverse contexts.

Individuals at this level display powerful initiative and strategic judgment in coordinating trades, controlling costs, managing timelines, and ensuring regulatory compliance. They use high-impact communication skills to negotiate with stakeholders, direct site teams, and maintain transparent project administration.

They are trained to plan, design, apply, and evaluate comprehensive solutions to unpredictable site problems, and to effectively identify, analyze, and synthesize complex project information from blueprints to financial reports.

**Duration:** 52 weeks (1 year/4 terms) that includes 40 study weeks and 12 holiday weeks

**Delivery Mode:** Face-to-Face

**Location:** 12 Pritchard Street East, Wentworthville NSW 2145

**Completion Requirements:** The qualification is awarded upon successful completion of the required units of competency, including twenty four (24) core units and three (3) elective units

## Course Units:

Unit Code	Unit Title	Core/Elective
CPCBC4001	Apply building codes & standards to the construction process for Class 1 & 10 buildings	Core
CPCBC4053	Apply building codes & standards to the construction process for Class 2 to 9, Type C buildings	Core
CPCBC4012	Read and interpret plans & specifications	Core
CPCBC4009	Apply legal requirements to building & construction projects	Core
CPCBC4005	Produce labour & material schedules for ordering	Core
CPCBC4013	Prepare & evaluate tender documentation	Core
BSBPMG538	Manage project stakeholder engagement	Elective
CPCBC5005	Select and manage building & construction contractors	Core
CPCBC4014	Prepare simple building sketches & drawings	Core
CPCBC4008	Supervise site communication & administration processes for building & construction projects	Core
CPCBC4010*	Apply structural principles to residential & commercial constructions	Core
CPCBC4003	Select, prepare and administer a construction contract	Core
CPCBC5009	Identify services layout & connection methods for Type C & B construction	Elective
CPCBC4004	Identify & produce estimated costs for building and construction projects	Core
CPCBC4018	Apply site surveys & set-out procedures to building and construction projects	Core
CPCBC5001	Apply building codes & standards to the construction process for Type B construction	Core
CPCBC5002	Monitor costing systems on complex building & construction projects	Core
CPCBC5019	Manage building & construction business finances	Core
CPCBC5018*	Apply structural principles to the construction of buildings up to 3 storeys	Core
CPCBC5003	Supervise the planning of onsite building & construction work	Core
CPCBC5010	Manage construction work	Core
CPCBC5007	Administer the legal obligations of a building & construction contractor	Core
CPCBC5011	Manage environmental management practices & processes in building & construction	Core
CPCBC5013	Manage professional technical and legal reports on building & construction projects	Core
BSBOPS504	Manage business risk	Core
BSBPMG532	Manage Project quality	Elective
BSBWHS513	Lead WHS risk management	Core

**Career Outcome:** •Builder •General Foreperson •Building Inspector

# RII50520 - Diploma of Civil Construction Design

CRICOS Course Code: 119142J

## About the Course:

This qualification reflects the role of individuals who apply cutting-edge knowledge, specialised design expertise, and executive experience in leading civil construction and infrastructure projects across a dynamic range of environments.

Individuals at this level display powerful initiative and strategic judgment in assessing client needs, optimising technical solutions, and managing design timelines. They use high-impact communication skills to coordinate project requirements with engineers, stakeholders, and construction teams to meet stringent legislative and quality requirements.

They are trained to plan, design, apply, and evaluate robust, real-world solutions to unpredictable design and logistical problems, and to effectively identify, analyse, and synthesise complex technical data into precise construction designs.

**Duration:** 52 weeks (1 year/4 terms) that includes 40 study weeks and 12 holiday weeks

**Delivery Mode:** Face-to-Face

**Location:** 12 Pritchard Street East, Wentworthville NSW 2145

**Completion Requirements:** The qualification is awarded upon successful completion of the required units of competency, including three (3) core units and seventeen (17) elective units

## Course Units:

Unit Code	Unit Title	Core/Elective
MEM23004A	Apply technical mathematics	Elective D
MEM30012A	Apply mathematical techniques in a manufacturing engineering or related environment	Elective D
MEM23109	Apply engineering mechanics principles	F. Elective
MEM30005A	Calculate force systems within simple beam structures	Elective D
MEM30006A	Calculate stresses in simple structures	Elective D
RIICRC404E	Inspect and report on pavement condition	Elective D
RIIMPO402D	Apply the principles of earthworks construction	Elective D
RIILAT402E	Provide leadership in the supervision of diverse work teams	Elective D
CPPCOM4001	Manage own work, professional development and ethical behaviour	F. Elective
MEM30031A	Operate computer-aided design (CAD) system to produce basic drawing elements	Elective B
MEM30033A	Use computer-aided design (CAD) to create and display 3D models	Elective B
CPPBDN6106	Produce building information modelling for building design projects	F. Elective
RIICWD501E	Prepare detailed design of foundations	Elective C
RIICWD508E	Prepare detailed design of rural roads	Elective C
RIICWD520E	Prepare detailed design of rigid pavements	Elective C
RIICWD525E	Select pavement surfacing	Elective C
RIICWD532E	Prepare detailed design of tunnels	Elective C
BSBPEF501	Manage personal and professional development	Group A
BSBSTR601	Manage innovation and continuous improvement	Group A
BSBPMG537	Manage project procurement	Group A

**Career Outcome:** •Builder •General Foreperson •Building Inspector

# OUR COURSES: IGNITING THE FUTURE YOU'RE MEANT TO LEAD

# Entry Requirements

## General Entry Requirements

- Age: Applicants must be at least 18 years of age at the time of course commencement.
- Education: Students must have completed the equivalent of Year 12 education.

## Other Requirements

- For the “BSB80120 Graduate Diploma of Management (Learning)” the candidate should have completed a Diploma level qualification or above from the BSB Training Package.
- Participate in a course entry interview to determine suitability for the course and student needs.
- Have an IELTS\* score of 5.5 or higher (test results must be no more than 2 years old). English language competence can also be demonstrated through documented evidence of any of the following:
  - Educated for 5 years in an English-speaking country; or
  - Successful completion of an English Placement Test
- \*Note that other English language tests such as PTE and TOEFL can be accepted. You are required to provide your results so that we can confirm they are equivalent to IELTS 5.5.

# How to Apply

Applying to **Monday College** is a straightforward process designed to help you start your academic journey as smoothly as possible. Follow these steps to complete your application.

## Step 1: Submit Your Application Documents

To begin, you will need to submit a completed international application form. This form should be accompanied by certified copies of your academic records, English language proficiency documents, and a copy of your passport. You can send these documents to [admin@monday.edu.au](mailto:admin@monday.edu.au) or through your registered education agent.

## Step 2: Application Assessment

Once your application is received, our admissions team will conduct a thorough assessment to ensure you meet all the academic and English language entry requirements for your chosen course. We will contact you if any further information is needed.

## Step 3: Receive Your Letter of Offer

If your application is successful, you will receive a Letter of Offer. This important document will contain all the necessary details about your enrollment, including key course dates, payment information, and essential details about arrival and accommodation.

## Step 4: Accept Your Offer & Pay Tuition Fees

Review your Letter of Offer carefully. Once you have signed and accepted the terms and conditions, you will need to make the initial payment as specified in the letter. Please ensure you have read and understood our refund policy before making your payment. You can send your signed acceptance and payment receipt to us via email or deliver it in person.

## Step 5: Receive Your Confirmation of Enrolment (CoE)

Upon receiving your initial tuition fee payment, we will issue you a **Confirmation of Enrolment (CoE)**. This is a crucial document that confirms your place at Monday College and is required for your student visa application.

## Step 6: Apply for Your Student Visa

With your CoE in hand, you are ready to apply for your student visa. For comprehensive information and guidance, we recommend you seek advice from a registered migration agent or visit the official Australian Department of Home Affairs website.
